Manufacturing Partner for Modern Apparel Brands

Why Moist Corp Exists

Most apparel brands struggle with:

- Finding reliable factories
- Managing quality
- Delayed deliveries
- Lack of visibility
- Poor communication

Moist Corp solves this by acting as an integrated manufacturing partner, combining production expertise, quality control, vendor management and delivery execution under one system.

What We Actually Do For Brands

We operate as an extension of your production team.

- ✓ Product Development
- ✓ Fabric & Trim Sourcing
- ✓ Pattern Development
- ✓ Sampling
- ✓ Manufacturing
- ✓ Printing & Embellishments
- ✓ Quality Assurance
- ✓ Logistics Coordination
- ✓ Vendor Management
- ✓ Production Tracking

The Moist Corp Model

Most brands coordinate multiple production partners.

We coordinate the entire ecosystem.

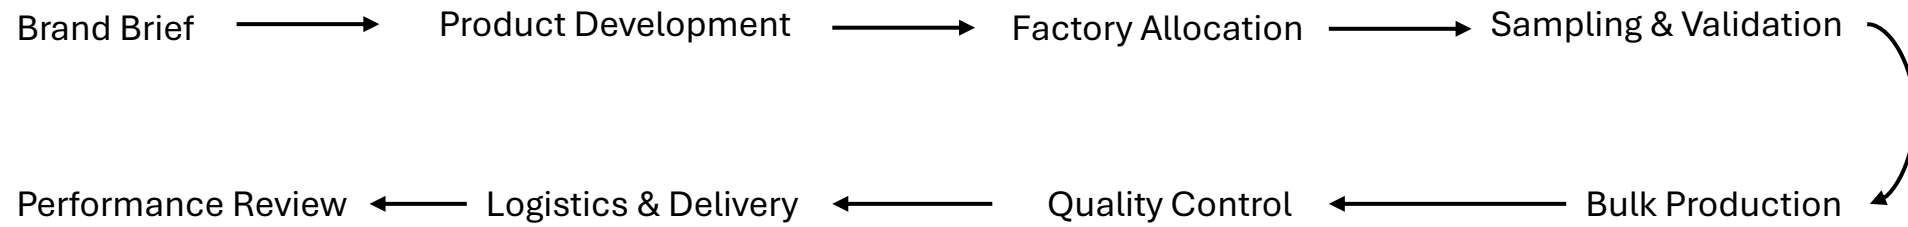

Rather than relying on a single factory, Moist Corp builds product-specific supply chains by combining specialist manufacturers, quality systems and production oversight into one streamlined process.

This creates:

- ✓ Better Quality
- ✓ Faster Development
- ✓ Higher Visibility
- ✓ Lower Risk
- ✓ Scalable Production
